Peladon Software Announces Reseller Agreement with Datanet Solutions

Datanet Solutions to resell and market Peladon's DocXP™ automated document processing and data capture suite to Laserfiche® base of clients

SAN DIEGO, Calif., August 6, 2008 – Peladon Software, a prominent developer of automated capture and document processing solutions, today announced that Datanet Solutions, Inc., a prominent Laserfiche® reseller, has signed an agreement to resell Peladon's complete suite of DocXP™ products.

Datanet Solutions develops, integrates and markets a wide variety of document processing and electronic document management solutions in order to streamline operations for its clients. Datanet Solutions helps organizations to simplify and automate document processes with products developed in-house and by its partners. Datanet Solutions plans to resell Peladon Software's complete line of DocXP™ products to its Laserfiche® clients needing an automated document processing, data capture, and redaction solution.

Peladon Software develops and markets an extensive line of automated document processing and data capture solutions, including the DocXP™ document classification, automated redaction, data extraction and data verification software modules for the healthcare, banking & finance, education, legal, retail, insurance and government markets.

"Our solutions are all about increasing efficiency and leveraging value for our clients," said Tom Ziencina, President of Datanet Solutions. "We see the DocXP™ line of products as an opportunity to further enhance our solutions through the implementation of innovative document capture technologies. With DocXP™, we believe our clients will see a significant spike in efficiency by automating paper-oriented processes," added Ziencina.

"Datanet Solutions and Peladon Software share many common goals. The most important being the ultimate success of our clients," said Noel Flynn, Chief Operating Officer of Peladon Software. "We are very pleased to have the opportunity to partner with Datanet Solutions. The DocXP™ software complements Datanet Solutions' document management solutions and strengthens its Peladon Software Announces Reseller Agreement with Datanet Solutions integration and professional service offerings. As a result of Datanet Solutions' strong customercentric philosophy, we believe this reseller relationship will be a long and successful one," added Flynn.

About Datanet Solutions

Datanet Solutions, Inc. is a software development and systems integration firm, engaged in the design, development, and deployment of Document Processing and Management Systems for domestic and international clients. The company's solutions include stand-alone imaging applications, enterprise-wide client server installations, globally integrated, web-based, multi-tier document management systems, and custom scanning and data capture software development.
