Peladon Software Partners with DTC Technologies

DTC Technologies signs agreement to resell the DocXP™ suite of document capture solutions

SAN DIEGO, Calif., May 19, 2008 – Peladon Software, a prominent developer of automated capture and document processing solutions, today announced that DTC Technologies, Inc. has signed an agreement to resell its complete line of DocXP™ products.

DTC Technologies is a Laserfiche Certified Value-Added Reseller and Microsoft Certified Partner. The company provides Document Imaging, Digital Document Management and Network Security solutions, service and support to small, medium and large organizations in the Southeastern United States. DTC Technologies will market and resell Peladon Software's complete suite of DocXP™ products to their clients across a wide variety of markets, with a particular focus on the healthcare market.

Peladon Software is the supplier of an extensive line of document processing systems and automated information capture solutions, including the DocXP™ document classification, data security, redaction, data extraction and verification software modules for the healthcare, banking & finance, education, legal, retail, insurance and government markets.

"The DocXP™ suite is comprehensive, highly accurate and proven in the marketplace. The software is fully customizable and can be implemented to adapt to any existing document workflow. It is highly flexible, making it suitable for any size business infrastructure – large or small. This is critical in our business and one of the driving factors for choosing Peladon Software," said Duane Firman, Chief Executive Officer of DTC Technologies. "We believe this partnership will provide DTC Technologies an opportunity to better meet the needs of our clients," added Firman.

"DTC Technologies and Peladon Software share many of the same goals. The most important of those is helping organizations become more productive and efficient using a variety of proven technology solutions. Additionally, both companies are committed to providing the highest level of customer service," said Noel Flynn, Chief Operating Officer of Peladon Software. "These commonalities will help make this partnership a highly successful one for our companies and customers," added Flynn.
